**Re: East Channel Region Annual Reports**

---

Dear Stakeholder,

**Re: East Channel Region Annual Reports**

The East Channel Association has released several reports as part of the regional environmental monitoring and management programme. The reports are posted on the East Channel Association website ([www.eastchannel.info](http://www.eastchannel.info)). To access the reports, please follow the relevant link on the website home page. Alternatively, if you would like a CD copy of the reports please write to or email the Regional Development Manager at the contact details overleaf.

Over the next four weeks, up to the end of April, more reports will be posted on the website and you are encouraged to revisit the site to download these reports if you would like to review them and have your comments considered. The ECA are planning to hold the annual East Channel Environmental Network (ECEN) meeting in the middle of July 2009. As such, if you do have any comments related to the reports released between now and the end of April 2009 please ensure that they are received at the contact details overleaf (either in hard copy or by email) on or before the 30<sup>th</sup> June 2009.

If you have any queries please do not hesitate to contact me. Thank you for your continued interest in the activities of the ECA and I look forward to hearing from you.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Stuart Lowe", with a long horizontal flourish extending to the right.

Stuart Lowe  
ECA Regional Development Manager  
On behalf of the ECA
